We strive to provide quality information that helps you conserve energy and lower your bill. Use this page to find resources and programs that enable you to manage costs, reduce your energy usage, and get payment assistance.

Energy-saving rebates and incentives such as the Smart Energy Program, Power Saver Rewards, and Summer Discount Program reward customers with bill credits for reducing electricity usage when the energy demand is high.

Your home, the size of your family, your schedule, and your lifestyle all play a part in determining your electricity needs. Our plans are designed so you can find the right fit for your household's lifestyle.

Being your own power source can have its rewards. If you are thinking of "Going Solar" or purchasing an energy storage (battery) system, we have the information and resources to get you started.

Our Energy Education Centers (EEC) in Irwindale and Tulare offer a wide range of resources to teach you how to make better energy decisions for your home or business. Visit us to learn about the latest in energy management and efficiency technologies through interactive displays and exhibits, technical consultations, classes, workshops, and events.

We are an investor-owned public utility operating as a subsidiary of Edison International (NYSE EIX). As one of the nation's largest electric utilities, we deliver power to 15 million people in 50,000 square miles across central, coastal and Southern California, excluding the City of Los Angeles and some other cities. Our service area includes more than 180 incorporated cities and 15 counties.

We'll spearhead change in the power industry, emphasizing clean energy, efficient electrification, future grids and customer choice to enhance our business. We'll keep investing for our stakeholders' benefit and let our team drive us into the evolving energy landscape.

SCE benefits from the guidance of an experienced senior leadership team, ensuring our continued success. This diverse group brings expertise from various disciplines and industries, all united by a strong dedication to our core values: safety, integrity, excellence, respect, continuous improvement and teamwork.
