

St John s electric vehicle costs

St John s electric vehicle costs

Please note that vehicles must be purchased from a licensed vehicle dealership located in Newfoundland and Labrador and registered for use within Newfoundland and Labrador. Person-to-person sales that do not include a vendor are not eligible.

Rebates are available on a first come, first serve basis to approved applicants. Funding is limited, so be sure to get your application in quickly. Rebates are available for eligible 100% all-electric and plug-in hybrid vehicles purchased or leased between April 1, 2023 and March 15, 2025. Vehicles purchased outside of the province between April 1, 2023 and March 15, 2025 are no longer eligible for a rebate.

Email is the preferred form of communication and will speed up processing of your rebate. If you do not have an email address, you may list the email of a family member. If listed below, you are authorizing us to communicate with them on your behalf.

It's a great time to drive electric in Newfoundland and Labrador. The average EV can go over 375 km on a full charge - road trip, anyone? When you do need to recharge, there are more than 120 charging stations across the province - and takeCHARGE is expanding even further with our network of fast chargers. And if you think there isn't an EV out there for you, think again. EVs come in all shapes and sizes, so there's a model for every lifestyle.
