

Sungrow 3 2kwh battery

Sungrow 3 2kwh battery

The Sungrow SMR032 Modular Battery is a high-performance energy storage solution designed to transform how you power your home. With a usable capacity of 3.2 kWh, this battery offers up to 30A continuous charging and discharging current, ensuring remarkable efficiency. Its flexible design supports 3-8 modules per unit and up to 4 units in parallel, providing a versatile 9-100 kWh capacity range.

Employing safe and reliable Lithium Iron Phosphate technology, the SMR032 features a multi-stage protection design and extensive safety certifications. The compact and lightweight battery is easy to install with a plug-and-play design, requiring no complex wiring between modules.

Q: Is the battery safe for home use?A: Yes, the SMR032 employs Lithium Iron Phosphate technology, known for its safety and reliability. It also features multi-stage protection and holds extensive safety certifications.

Q: How easy is it to install the SMR032 Modular Battery?A: Installation is straightforward and can be completed by a single person. The plug-and-play design eliminates the need for complex wiring between battery modules.

First 5 Years: During this period, you are entitled to a full product replacement in case of any issues or defects. This means if your product malfunctions within the first 5 years, you'll receive a brand-new replacement.

Following 5 Years: After the initial 5 years, the warranty continues for an additional 5 years, but it shifts to covering parts only. In this phase, if any product components need replacement or repair, the warranty will cover the cost of those parts.

Should you pay with Visa Card or Mastercard credit card for your 1st Order, we MAY need to complete a Credit Card (unseen) fraud Check. This could involve you sending a copy of a Drivers licence with your name and shipping address matching your order. To avoid this check and possible delay please pay Direct Debit or Paypal.
