## Un3480 battery pack

It has a well-considered and ergonomic designed which makes it not only easy to transport, stack and store, but also and more crucially provides the best protection for the batteries, thanks to its integrated shock-absorbing insert, which also provides excellent thermal protection too.

This compact, handy, robust and space-saving battery storage box has a considered and well thought out ergonomic design that allows multiple boxes to be safely stacked or carried together and with the addition of an optional Husqvarna multi-adapter plate, that enables easy connection to other third-party case systems for added convenience. The box also features integrated lift handles to the top and sides to aid portability.
